

CetraDoors

Steel personnel security and fire doors

STEEL PERSONNEL SECURITY DOORS

Cetra Security can supply a range of high security steel doors that are suitable for a number of applications including industrial and commercial units, personnel access and fire exit doors. Standard steel security doors are currently in stock and are available for immediate delivery. Alternatively our custom made steel doors can be ready for dispatch within 4 days.

Cost Effective Steel Personnel Doors

Our most cost effective steel door has a polystyrene core for high thermal performance.

High security Astragal to three sides of the leaf ensures the lock bolt in the frame cannot be easily identifiable by intruders.

The steel door has an integrated rubber seal to 3 sides of the frame and is supplied in light grey RAL 7035.

Steel doors are supplied minimum 850mm x 2040mm, 950 x 2040mm, or to a maximum 1050mm x 2040mm.

These doors are available for immediate delivery.

High Security Personnel & Emergency Exit Steel Doors

The 60mm rockwool filled leaf steel door has superior strength, durability and thermal properties.

It has a unique hinge system which has an inbuilt automatic and adjustable closing system and has an integrated rubber seal to all 4 sides of the door frame.

Doors can be supplied in 3 sizes, 900mm x 2100mm, 1000mm x 2100mm, 1300mm x 1200mm.

Standard colours available are White RAL 9016, Light Grey RAL 7035 and Olive Green RAL 6003.

These steel doors can be dispatched within 24 hours.

Custom Made Steel Doors

Custom Made Steel Security Doors are suitable for Retail Units, High Street Stores, Sporting venues, Commercial and Industrial Properties and the Public Sector.

Made from high tensile steel with an anti-rust coating.

For increased security stainless steel door hinges with dog bolts into the frame are provided as standard.

To ensure a perfect fit an extender frame compensates for any uneven brickwork.

A full range of louvre panels and vision panels including frosted and double glazed can be supplied.

Our custom made steel doors will fit structural openings between 700mm-2200mm wide and 1900mm- 2300mm high.

Steel doors can be manufactured in a choice of door frames single, door and a half, or double to fit your exact requirements.

All are supplied fully finished in a choice of over 100 BS and RAL colours with metallics and pearlescents available as an optional extra.

Our custom made steel security doors come with a wide range of optional accessories and can normally be delivered within 4 days
