

Xpanda

physical security

"To deter, delay, detect, deny".

Every 37 seconds a house in Britain is burgled, with this in mind we have created the Xpanda range. Whilst still aesthetically pleasing, the Xpanda retractable gate is strong and our lightest gate yet. The off the shelf design and trackless system ensures that Xpanda is easy to operate and suitable across almost any size, shape or opening.

Added benefits;

- Allows maximum air-flow
- Can be folded away when not in use
- Provides good visibility
- Unobstructive visual deterrent
